group, so far as we can learn:

"One is a black fily growing in Santa Clars, California, which has three large blossoms, each nine inches long, and perfectly black outside of the green petals. The other is to be seen at Constantinople, and described by an eye-witness as belonging to the Narclesus genus of bulbs. The flower represents a perfect humming-bird. The breast of a bright, emersid green, is a complete copy of this bird, and the throat, head, beak and eyes are perfect imitations. The kinder part of the body, and two outstretched wings, are of a bright rose color, one might almost say first-colored. These wonderful bulbs should say firsh-colored. These wonderful bulbs should have been sent to the Vicina exhibition. They will be in abundance by the time of our Centennial celebration in 1876. And yet they can hardly be greater

FROM MICRONESIA.-Letters from Rev. J. W. Kanos and Rev. R. Maka of Butaritari, Gilbert Islands, to the Secretary of the Hawaiian Board, dated May Sist, 1875, state that Mrs. Doreka Kanoa, wife of the Rev. J. W. Kanon, died on the 6th day of May, 1875. On account of sickness Rev. H. Bingham with his wife left Apalang on a German vessel, and arrived at Butaritari a few days after. They landed at Sutaritari, and spent a week or more in the families of the Missionaries. As Mr. Bingham became more feeble day by day, the Hawaiian Missionaries there advised them to re-embark on the vessel and proceed to Samos, with the expectation of finding an opportunity to go to the Hawaiian Islands. Mr. and Mrs. Bingham embarked on the Sist of May, on board the vessel for Samos, where they arrived, Por Portland, per Jane & Felkinburg, Aug 15.—Mr and Mrs and at the latest date were in the family of Rev.
